

Dr. Adriana Gogonel

An atypical journey

# From a teacher to a entrepreneur

Pure math license

University "Dunarea de Jos" in  
Romania

DUT in Statistics

Paris Descartes, France

Licence and  
Professional Master

Paris Descartes France

PhD CIFRE

Statistical Post-Processing Methods  
And Their Implementation On The  
Ensemble Prediction Systems For  
Forecasting Temperature In The Use  
Of The French Electric Consumption

Post doctoral position

Inria Paris

CEO, StatInf

Patented statistics for Safe &  
Efficient Embedded Software

“Everything that can be counted does not necessarily count; everything that counts cannot necessarily be counted.”

*Albert Einstein*
